

Dominant[®]

Aged Care

Cleaning, Sanitation and Hygiene Solutions

for your aged care facility

dominant.com.au

Dominant has been working with aged care facilities for over 40 years and understands the demands and requirements of the industry. We are committed to protecting the health and safety of anyone who comes into contact with our products and support our clients not only with compliant products, but with a personal and tailored approach to specific site needs that assist with the accreditation process. This includes reporting, auditing, signage and documentation requirements. Customer training is an integral component of the Dominant service and we provide ongoing training of the highest standard. With Dominant you can provide your organisation with a total supply solution from initial audit through to installation, training and ongoing support.

Environmentally Friendly

Dominant have a range of products that are garden and septic safe to minimise environmental impact.

We also manufacture highly concentrated products which means that less is used and therefore less packaging requires recycling or goes into landfill.

Company Management Systems

Dominant is committed to delivering high-quality products with consistent and reliable performance. That is why we have implemented and maintain management systems that exceed the requirements of International ISO standards. Allowing you to have confidence when using all Dominant products and services.

Education & Training

Onsite or online training modules and assessments to educate and evaluate competency of users.

→ Chemical Awareness Training → Safe laundry and dishwasher procedures

→ HACCP and Food Safety & Hygiene Procedures

Training Module: Chemical Awareness

Reporting & Auditing

Our team can offer:

→ Detailed site audits to identify the requirements of a space, and provide risk assessments

→ Hygiene Monitoring

→ Dishwasher Reports

→ Laundry Reports

→ Laundry Audits

Hygiene Monitoring

Dominant is able to offer four forms of hygiene monitoring to ensure that hygiene compliance standards are being upheld across your organisation.

→ ProClean Swab Testing

→ ATP Swab Testing

→ Petri Film Testing

→ Chlorine Strip Testing

Dominant Quality Cleaning Products

Dominant have been developing and manufacturing high quality cleaning products for over 60 years, but we offer much more than that.

Dispensing Equipment

We offer an extensive range of dispensing equipment including those with remote access to allow for ease of use, and accurate and safe dosing of product.

These include dosing pumps, electronic detergent feeders, mobile foaming units, hand wash dispensers and more.

Research & Development

Our experienced team of research and development chemists are available to provide additional support with developing new products to reduce your water and energy consumption.

Compliance Documentation

We understand aged care regulations and requirements and provide important documentation including:

→ Safety Data Sheets

→ Chemical safety wall charts

→ Product application charts

→ Staff police clearances

Safety Focus

→ Smaller and lighter product sizes for safe handling, eg 2L and 5L bottles

→ The Dominant Protekta® Cap – a completely sealed, closed-loop safety system that ensures safe delivery of product and protection from spills

→ Colour coded and labelled dispensing bottles and equipment

Technical Assistance

We have a team of qualified service technicians available for installation, and ongoing service and maintenance of dispensing equipment.

Effective Cost per Use

Dominant manufacture many products in concentrated quantities. These can then be diluted with water into a reusable spray bottle.

Example: A 5L container of All Kleen Multi-Purpose Cleaner will give you 166 spray bottles

A concentrated neutral hard surface cleaner suitable for floors or any washable surface.

Ready to Use Plant Powered Cleaning

PLANT POWERED

Simplify the way you clean with our plant powered cleaning range.

Lightweight, ready to use products with no dilution needed for convenient cleaning.

Learn more about our convenient and safe dispensing systems →

Dominant Protekta® Cap

The Protekta® Cap ensures safe delivery of the product without spillage, leaks or splashing and is colour-coded for ease of use.

This system significantly reduces work health and safety issues associated with traditional systems. It restricts the end-user from being able to 'glug' chemical from the bottle, keeping product usage to a minimum.

- Completely sealed
- No spills
- Closed loop system

Micro Active Laundry System

Features highly concentrated product and automated dispensing equipment.

- Product labels and caps are colour coded
- Bottle changeover is foolproof, ensuring correct products are used every time
- Consistent, accurate dosing eliminates wasted product and gives reliable, outstanding wash results
- Management system provides downloadable information on load counts, product usage, and efficiency of laundry operation

Smart System

A system that is truly smart, delivering product accurately and safely.

- Standardised dilution-controlled dispensers
- Ultra-concentrated formulas
- Protekta® caps to ensure staff never come into direct contact with neat product

Bright System

An automatic dishwashing dispensing system.

- All products are fitted with the Dominant Protekta® Cap system
- Safe handling and accurate dosing
- Managed by a Dominant Account Manager to ensure perfect results

Star System

A sealed pouch-based system for wall dispenser units.

- Eliminates cross contamination, and bacteria and pathogen build-up associated with refillable soap systems

A partnership with Dominant
is protecting your residents
and your reputation.
